WELCOME TO PAKDD2018

The Pacific-Asia Conference on Knowledge Discovery and Data Mining (PAKDD) is a leading international conference in the areas of knowledge discovery and data mining (KDD). It provides an international forum for researchers and industry practitioners to share their new ideas, original research results and practical development experiences from all KDD related areas, including data mining, data warehousing, machine learning, artificial intelligence, databases, statistics, knowledge engineering, visualization, decision-making systems and the emerging applications.

If you would like to become a sponsor of this great event, we would love to hear from you, please write to us at pakdd18@gmail.com, or more information is available [here](#).

Notices

- April 10, 2018: A draft for the final [Conference Program](#) is now available. If you are a presenter, please take your time to familiarise yourself with your presentation slot.
